

ACFAS 2012 Pre-Course Panel Discussion

Ankle Arthroplasty: STAR™ and the Mobile Bearing Experience

A panel of surgeon experts will discuss key issues regarding “Normalizing Gait with TAR in the patient with deformity”. Discussion will include patient selection, arthroplasty vs. fusion, and procedure related matters—including soft tissue management.

Faculty: Jeffrey Christensen, DPM and Jack Schuberth, DPM

Wednesday, February 29th, 2012

2 to 5 pm

Location: Room # 001B Henry B Gonzalez Convention Center
