RingFIX™

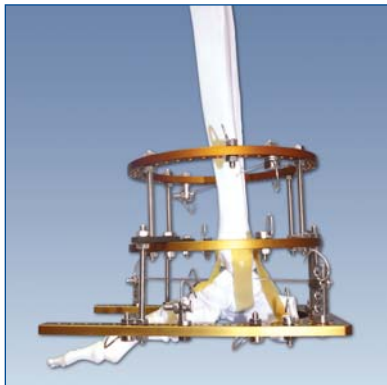

RAISING EXPECTATIONS FOR LOWER LIMB SURGERY

SBi, Specializing in Lower Limb Orthopedic Surgery

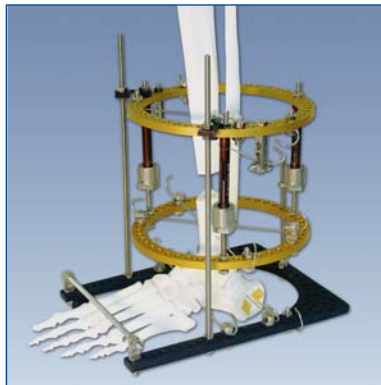

Foot and Ankle Surgeons around the world have been successfully using the SBi RingFIX™ for 17 years. The fixator can be assembled as a dynamic static frame, or employed for gradual deformity correction. Exceptional quality and superior design make RingFIX the ideal lower limb fixator.

- Excellent for both acute and gradual correction
- A wide range of rings (80-200mm in diameter) and support componentry
- Lightweight, colorful aluminum anodized rings
- Available in full, 5/8, 1/2, 3/8 ring configurations
- Modular design allows for easy use of components and fast assembly of frame

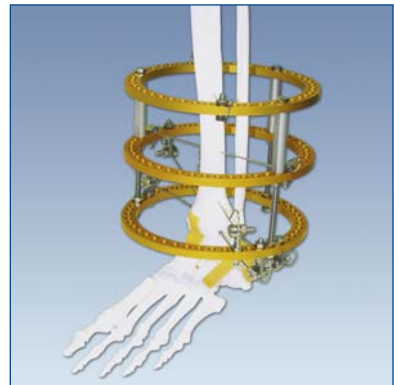

RingFIX applications include, but are not limited to:

Charcot Foot

Bone Transports

Ankle Distraction
